This is our major fund-raising event for 2025, we are pleased to announce that funds from this years show will go towards the Hampshire and Isle of Wight Air Ambulance.

Hampshire and Isle of Wight Air Ambulance brings an advanced Critical Care Team to the most seriously ill and injured patients in the region. Using both a helicopter and emergency response vehicle, the Charity brings a team of highly skilled pre-hospital emergency medicine doctors and specialist paramedics to the scene of an incident, effectively bringing the hospital to the patient when time is critical. Called out to an average of four incidents every day, including cardiac arrests, road traffic collisions, falls and assaults, the life-saving service operates 365 days a year, both day and night.

It now costs £17,750 a day to maintain the service.

With no government funding, it is only thanks to the generosity of people like the Jaguar Enthusiasts' Club that the team can continue to save lives on the Island.

Jaguar Enthusiasts Club Isle of Wight Region

The Isle of Wight Jaguar Enthusiasts Club was formed in 1989 after a chance meeting between two island Jaguar enthusiasts at the Le Mans 24-hour race in France.

Since then the club has gone from strength to strength to become one of the most well supported regions within the main National Jaguar Enthusiasts Club.

Our show has been running for many years at a number of venues – many mainland Regions join us on the day, and it is acknowledged as one of the best JEC regional shows in the land!
